

METAL DECORATING SERIES

Two Piece Beverage Can

As a major urethane/rubber roller supplier since 1968, Finzer Roller offers a complete line of decorator products for all major makes and models used in the beverage can industry. With today's high-speed, high-volume production demands, we know what it takes to keep your business running at maximum output. Our uniquely formulated compounds achieve higher quality printing at cooler running temperatures with longer roller life.

▪ Products

- Inker Rollers
- Over Varnish Rollers
- Bottom Varnish Rollers
- Applicator Rollers
- Quick Change Sleeves
- Pre-Spin Rings

▪ Makes & Models

 - Proprietary Specialty Compounds
 - SuperCan™
 - TufCan™
 - UltraCan™
- Capabilities
 - In-House Machine Shops
 - Journal Repairs
 - New Cores
 - Computerized Grooving
 - Dynamical Balancing

NON-STICK Coating Solution

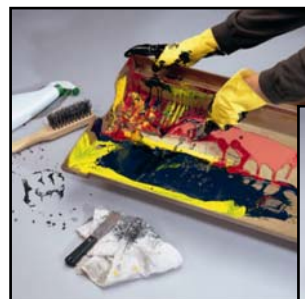

We provide a permanent non-stick coating solution to eliminate ink and adhesive contamination and decrease downtime. Our non-stick barrier reduces the need for strong solvents, repeated scraping, and extra manpower to effectively clean.

Most Common Applications

- Ink/Adhesive Pans
- Rollers
- Doctor Chambers
- Splash Guards
- Seal Bars/Blades

Coating Characteristics

- Temperature Resistance (500°F)
- Flexible (coating is baked on and will not crack)
- Chemical Resistance (1-14 on PH Scale)
- Long Lasting (3-5 years of life in most applications)
- Non-Substrate Specific (we can coat Stainless, Aluminum, Steel, etc)

FREE 60 Day Trial on Ink Pan Coatings
