

FINZER ROLLER

Graph-Tech

Aquasist™ Series

At Finzer Roller, we realize that the watersides of offset presses present a great challenge. If you are looking to achieve the best possible ink and water balance, look no further than **Finzer Roller's Aquasist™** series of bareback rollers. To meet your specific needs, choose our time-tested *standard* Aquasist or our new, innovative *spiral* Aquasist S.

Features & Benefits

- Works well with changing web widths
- Eliminates sock costs and sock changes
- Eliminates sock debris
- Carries water (fountain solution) evenly
- Less water (fountain solution) used
- Can be customized to fit specific needs
- Easy to clean
- Conventional roller washes may be used

Additional Notes

- Especially effective in the *dampener feed/water pick-up positions* of single width Goss, Dauphin, Web Press, Tensor and Harris presses
- *Spiral* Aquasist S is customizable
- Set with a light contact
